

TITLE: SoCS Rep Officer Report
NAME: Garry Clawson
DATE: 21st April 2021
SUBMIT TO: <https://lincolnsu.com/change-and-represent/leaders-and-officers/hold-us-to-account>

WHAT HAS BEEN WORKED ON IN THE LAST MONTH?

1. **KEY** - Follow up on the proposed SoE and SoCS proposal – help share information with students, so they are involved – ongoing but very frustrating
2. Support on Module evaluation feedback ready for any changes that may be useful for next academic year – ongoing and reps are gathering feedback
3. Feedback and support for the 'Festival of Learning' – Ongoing
4. Keep on promoting the NSS across the 3rd year cohort - Done
5. Completed the 2nd Women In Science Roundtable - Done

SUCCESS FROM THE PAST MONTH AND ANY REP WINS:

The team have been very busy but this has also been pretty quiet period as students work towards their final projects and academic year end assignments. Main area has been getting feedback to support the next year and also following up and making visible communications on the SoE and SoCS merge.

Our key achievements over the last 4 weeks have been:

1. **Women in Science**– We held a great 2nd Women in Science roundtable and this has now been edited and reviewed. This was on 'literature and prospectus' and this had several themes.
2. **Student Support** – Minimal required this month and has been very quiet. We have been fully available and tried to get any sniff or confusion dealt with quickly.
3. **Proposal to Join SoE and SoCS** – I have been working to try and get more details on this but this has not been coming along very well. The aim is to just get information to the students but there is delay after delay along the way.

PLANS FOR NEXT MONTH:

This is coming to a year end so we are very open to now trying to clarify items for the next year so all new reps have a good start!

6. SoE and SoCS – get as much info as possible on this merge and share with the students
7. Work with the 3rd Roundtable for Women In Science – create a min campaign advertise this
8. Help the school with feedback ready for changes in the 21/22 academic year

JOKE OF THE MONTH:

Q. The number 2 got into a fight with the numbers 1,3,5,7 and 9.

A. I guess you could say the odds were against him... ba dum tish ☺
