## SoCS FRESHERS

### Can You Escape the Room?

Can you complete the 8 challenges? Are you smart enough to solve every clue? Grab your friends or make some new ones and get yourself into a team, to see if you can beat the ultimate escape room. Prizes will be awarded for the team or individual who either completes the escape room in the fastest time or who completes the most challenges before the time is up. This is a great activity to try as a team! If you don't have a team and would like to join one please register your interest using [this link](#). Good luck!

### Instructions

1. Note: Unfortunately, the Escape Room is not mobile compatible. The best user experience will be via laptop/desktop (
2. You have 60 minutes to complete the challenge
3. The challenge is open to everyone at the same time
4. If you leave the task before solving the clue you will need to complete the challenge again to reveal your clue
5. When you successfully solve a challenge fill in the Microsoft Form below with your answer and submit
6. As long as the Team Name is the same you can submit answers from any machine
7. You can submit the Microsoft Form as often as you want
